

Graffiti Remover Red

Graffiti remover in gel form for multi-layer spray paint graffiti on absorbent surfaces

Fields of application

GR Red is used to remove multi-layer spray paint graffiti from absorbent surfaces such as brick, granite, concrete, marble, terrazzo, slate, sandstone, limestone, tiles etc.

Advantages

- Highly effective on multi-layer spray paint graffiti
- Subtle scent
- Gel
- Easy to wash off
- Economical

Application instructions

Apply the product with a paintbrush, brush, roller or paint sprayer. Allow the product to work for 20 - 5 hours depending on the material and the nature of the graffiti.

Use a brush or paintbrush on the surface to ensure that the paint is dissolved.

Then wash off the surface thoroughly using a hot water pressure washer and adjust the pressure to the facade.

In cases where a "shadow" remains, it can be necessary to use either GR Shadow or GR Kilroy.

Dosage

The product is used in concentrated form.
Consumption approx. 0.5 - 1.0 litre/m².

Packaging

5 litre bucket - 15 litre bucket
