Experts in cleaning products for the professional market

We have one of the market's widest ranges - and many years of experience in both the development, production, and sale of effective cleaning products - which we sell throughout Europe. The head office is located in Sweden, and we have sales offices in Denmark and Norway, as well as an extensive network of retailers.

Philosophy

Blue & Green aims to deliver products of the highest quality at the right price – with the least possible environmental impact. In both the development and production of our products, we place a strong emphasis on the environment. It is important to us that our products are effective, but also that they are not harmful to the environment, neither during use nor when they need to be disposed of.

Therefore, many of our products carry various eco-labels, and we are also ISO certified. At the same time, we are affiliated with FTI, as we believe it is natural to recycle our packaging so that our products have as little impact on the environment as possible.
