Cleaning, maintenance and the removal and prevention of graffiti

CLEANING SOLUTIONS FROM BLUE AND GREEN

Blue & Green AB | Phone. + 46 418 399 000 | E-mail: info@blueandgreen.se | www.blueandgreen.se

Blue & Green is a strong, competent partner specialised in products for cleaning, graffiti removal, prevention and maintenance of trains, metros and trams.

What we provide

- One of the **broadest and most complete ranges** of products to cover EVERY phase removing and preventing graffiti and cleaning and maintaining trains, metros and trams
- Products of the **highest quality at the right price** – with the least possible impact on the environment
- Solutions that **protect the personnel** working with the products
- Direct access to **extensive knowledge and experience** of our specialists within development, production and sale of effective cleaning products throughout Europe
- Products that are approved and certified by leading **environmental bodies**

The complete range includes all of the necessary products – from washing and cleaning to impregnation and protection.

Exterior cleaning

Our effective cleaning products for exterior cleaning are, among other things, designed to remove traffic film, iron & brake dust, insects and general dirt in the easiest manner possible. Surfaces are left looking nice and shiny, while enjoying the best possible protection.
