# TRANSPORT – REMOVING GRAFFITI

## Eco Wash Green

Used to wash surfaces such as trains, metros, trams, busses, personal vehicles, boats, trucks and transportcontainers.

## Graffiti Remover

Used to remove graffiti on hard, colourfast surfaces such as laminate, glass, metal, tiles etc.

## Graffiti Remover 21 flytande

Used to remove graffiti from industrial painted surfaces such as trains, subways, trams, buses, metal facades, etc.  
Works great even on absorbent materials where you have a sensitive painted surface to take into account when cleaning.

## Graffiti Remover Blue N

Graffiti remover in gel form used to remove graffiti externally on trains, subways and trams.

## Graffiti Remover Hypo

Used to bleach and remove severe graffiti shadows from absorbent stone surfaces, shadows on floors in busses and trains, shadows on laminate and fibreglass walls.  
NB! The product should not be used on aluminium, galvanised surfaces, zinc or copper.

## Graffiti Remover Plexi

Graffiti Remover Plexi is used to remove graffiti on sensitive surfaces and materials such as plexiglass, laminate, fiberglass, signs, painted interiors walls etc. Also works on absorbent materials.

## Graffiti Remover Shadow

Used to remove severe graffiti shadows from absorbent surfaces such as brick, concrete, granite, treated marble, limestone and tiles. Also works well on laminate fibreglass. NB! The product should not be used on aluminium.

## Graffiti Remover Tectyl M

used to remove Tectyl spray graffiti from both hard, smooth surfaces and absorbent surfaces.

## Graffiti Remover Train

Used to remove graffiti on the exteriors of trains, metros and trams.

## Graffiti Remover Train N

Used to remove graffiti on the exteriors of trains, metros and trams.

## Graffiti Remover Wipes

Used to remove graffiti from hard, colourfast surfaces such as laminate, glass, metal, tiles etc.

## Ink Remover

Used to remove graffiti from fragile surfaces and materials such as plexiglass, plastic, laminate, fibreglass, signs etc. Also suitable for cleaning absorbent materials with fragile painted surfaces.

## Ink Remover Shadow

Used to remove hard to clean marker and aniline from laminate, hard painted surfaces, galvanised lockers etc.

## Ink Remover Shadow Gel

Used to remove hard to clean marker and aniline from laminate, hard painted surfaces, galvanised lockers etc.

## Experts in cleaning agents for the professional market

We have one of the market's widest product ranges – and with many years of experience in both development, production and sales of effective cleaning products – which we sell to the European market. The head office is in Sweden, with sales offices in Denmark and Norway as well as an extensive network of dealers.

## Philosophy

Blue & Green aims to deliver products of the highest quality at the right price - with the least possible environmental impact. We have a great focus on the environmental impact when we develop and produce our product range. It is important to us that our products are efficient in our customers application with the least environmental impact.

That is why we have several different environmental labels on a large part of our products and that we are ISO certified. At the same time we are connected to the Swedish circular packaging system, as we think it is crucial to recycle our packaging so that our products impact to the environment has as little impact as possible.
