TRANSPORT – PROTECTION

Floor & Wall Coating Medium Gloss

High-tech coating for linoleum, plastic and rubber floors. The product has excellent chemical resistance properties with high scratch and wear resistance, but also with permanent elasticity. Repeated treatment is possible at any time without stripping. With new technology, ink and graffiti can be easily removed repeatedly, without affecting the surface properties. The product creates a medium shine.

Glass Coating

Glass Coating is a treatment for front windows on trains and buses etc. The product has excellent chemical resistance properties and is easy to apply. High weather resistance along with E2C (easy to clean) properties reduces cleaning costs and washer fluid.

275025 – 25L 3871054 – 0,5L

Goaway

Goaway is a fast polish remover that effectively and safely dissolves tough deposits with many layers of polish, all types. For effective removal of polish for floor renovation. No rinsing needed. Highly concentrated, low dosage. Low pH. No discolouration of floors. Can be used on linoleum floors.

GP-160821 – 1L

Interior Coating

Interior Coating is a high performance singlecomponent coating that can be used on most plastic surfaces. It is a durable product with high resistance to peeling, flaking and chemical agents that extends the life of plastic surfaces. Interior Coating meets DB AG (Deutsche Bahn AG) requirements for permanent graffiti protection, which makes it the natural choice to protect e.g. interior surfaces of trains, metros, trams and buses. Marker, spray and ink paint can be easily and simply removed repeatedly without affecting the surface.

3871053 – 0,5L

Shine Dressing

Water based shine agent to restore gloss to plastic & rubber surfaces. Refresh plastic moldings and tires.

399005 – 5L 399025 – 25L
399700 – 1000L

Textile Protection

Fabric Protector is a breathable, Ready-To-Use coating that forms a long lasting, durable, hygienic barrier on textiles and fabrics. The treated surface becomes dirt and stain resistant and allows for easy removal of soils and staining such as coffee and red wine while extending the life of the surface without affecting fabric texture. The treated surface needs only to be cleaned with a cloth and warm water.

297005 – 5L 3871051 – 0,5L

Surface Cleaner

Cleaning agent to remove oil, and greasy dirt from hard surfaces. Used before mounting foil and decoration and to remove residues of polish before applying wax / coating on a surface.

220003 – 1L 220005 – 5L

Experts in cleaning agents for the professional market

We have one of the market's widest product ranges – and with many years of experience in both development, production and sales of effective cleaning products – which we sell to the European market. The head office is in Sweden, with sales offices in Denmark and Norway as well as an extensive network of dealers.

Philosophy

Blue & Green aims to deliver products of the highest quality at the right price - with the least possible environmental impact. We have a great focus on the environmental impact when we develop and produce our product range. It is important to us that our products are efficient in our customers application with the least environmental impact.

That is why we have several different environmental labels on a large part of our products and that we are ISO certified. At the same time we are connected to the national circular packaging system, as we think it is crucial to recycle our packaging so that our products impact to the environment has as little impact as possible.
