

# SAFETY DATA SHEET

SECTION 1: Identification of the sub	stance/mixture and of the company/undertaking
1.1. Product identifier	
Trade name	
Avjonat vatten	
Product no.	
387	
Other means of identification	
EC No.: 231-791-2	
CAS No.: 7732-18-5	
1.2. Relevant identified uses of the	substance or mixture and uses advised against
Relevant identified uses of the s	substance or mixture
None known.	
Uses advised against	
None known.	
1.3. Details of the supplier of the sa	ifety data sheet
Company and address	
Blue & Green AB	
Stenorsvägen 52	
261 44 Landskrona	
Sweden	
+46 418 399000	
www.blueandgreen.se	
E-mail	
info@blueandgreen.se	
Revision	
20/09/2022	
SDS Version	
1.0	
1.4. Emergency telephone number	
Contact The National Poisons I	nformation Service (dial 111, 24 h service).
See section 4 "First aid measur	es".
ECTION 2: Hazards identification	
2.1. Classification of the substance	or mixture
	ulation (EC) No. 1272/2008 (CLP) as retained and amended in UK law.
2.2. Label elements	
Hazard pictogram(s)	
Not applicable.	
Signal word	
Not applicable.	
Hazard statement(s)	
Not applicable.

#### **SECTION 4: First aid measures**

## 4.1. Description of first aid measures

## **General information**

In the case of accident: Contact a doctor or casualty department – take the label or this safety data sheet. Contact a doctor if in doubt about the injured person's condition or if the symptoms persist. Never give an unconscious person water or other drink.

### Inhalation

Upon breathing difficulties or irritation of the respiratory tract: Bring the person into fresh air and stay with him/her.

# Skin contact

Upon irritation: rinse with water. In the event of continued irritation, seek medical assistance.

#### **Eye contact**

Upon irritation of the eye: Remove contact lenses. Flush eyes with plenty of water or salt water (20-30°C) and continue until irritation stops.

#### Ingestion

Provide plenty of water for the person to drink and stay with him/her. In case of malaise, seek medical advice immediately and bring the safety data sheet or label from the product. Do not induce vomiting, unless recommended by the doctor. Have the victim lean forward with head down to avoid inhalation of- or choking on vomited material.

### **Burns**

Not applicable.

4.2. Most important symptoms and effects, both acute and delayed

None known.

A D. Tablestica of each increasing a standard extension and except the standard standard
4.3. Indication of any immediate medical attention and special treatment needed None known.
<b>Information to medics</b> Bring this safety data sheet or the label from this product.
SECTION 5: Firefighting measures
5.1. Extinguishing media Not applicable.
5.2. Special hazards arising from the substance or mixture
Fire will result in dense smoke. Exposure to combustion products may harm your health. Closed containers, which are exposed to fire, should be cooled with water. Do not allow fire-extinguishing water to enter the sewage system and nearby surface waters.
5.3. Advice for firefighters
Fire fighters should wear appropriate personal protective equipment.
SECTION 6: Accidental release measures
<ul> <li>6.1. Personal precautions, protective equipment and emergency procedures No specific requirements. </li> <li>6.2. Environmental precautions Avoid discharge to lakes, streams, sowers, etc.</li></ul>
Avoid discharge to lakes, streams, sewers, etc. 6.3. Methods and material for containment and cleaning up
Use sand, earth, vermiculite, diatomaceous earth to contain and collect non-combustible absorbent materials
and place in container for disposal, according to local regulations.
Wherever possible cleaning should be performed with normal cleaning agents. Avoid use of solvents.
6.4. Reference to other sections
See section 13 "Disposal considerations" on handling of waste.
See section 8 "Exposure controls/personal protection" for protective measures.
SECTION 7: Handling and storage
<ul> <li>7.1. Precautions for safe handling         Smoking, drinking and consumption of food is not allowed in the work area.         See section 8 "Exposure controls/personal protection" for information on personal protection.     </li> <li>7.2. Conditions for safe storage, including any incompatibilities</li> </ul>
<ul> <li>7.1. Precautions for safe handling         Smoking, drinking and consumption of food is not allowed in the work area.         See section 8 "Exposure controls/personal protection" for information on personal protection.</li> <li>7.2. Conditions for safe storage, including any incompatibilities         Recommended storage material</li> </ul>
<ul> <li>7.1. Precautions for safe handling         Smoking, drinking and consumption of food is not allowed in the work area.         See section 8 "Exposure controls/personal protection" for information on personal protection.</li> <li>7.2. Conditions for safe storage, including any incompatibilities         Recommended storage material         Always store in containers of the same material as the original container.</li> </ul>
<ul> <li>7.1. Precautions for safe handling         Smoking, drinking and consumption of food is not allowed in the work area. Exposure scenarios
There are no exposure scenarios implemented for this product.
Exposure limits
Occupational exposure limits have not been defined for the substances in this product.
Appropriate technical measures
Apply standard precautions during use of the product. Avoid inhalation of vapours.
Hygiene measures
Wash hands after use.
Measures to avoid environmental exposure
No specific requirements.
Individual protection measures, such as personal protective equipment
Generally
No specific requirements
Respiratory Equipment
No specific requirements
Skin protection
No specific requirements.
Hand protection
No specific requirements.  Eye protection
No specific requirements.
SECTION 9: Physical and chemical properties
9.1. Information on basic physical and chemical properties
Physical state
Liquid
Colour
Colourless
Odour / Odour threshold
None
рН
ca 6
Density (g/cm³)
1
Kinematic viscosity
Testing not relevant or not possible due to the nature of the product.
Particle characteristics
Does not apply to liquids.
Phase changes
Melting point/Freezing point (°C)
Testing not relevant or not possible due to the nature of the product.
Softening point/range (waxes and pastes) (°C)
Does not apply to liquids. Boiling point (°C)
Testing not relevant or not possible due to the nature of the product.
<b>Vapour pressure</b> Testing not relevant or not possible due to the nature of the product.
Relative vapour density
Testing not relevant or not possible due to the nature of the product.
Decomposition temperature (°C)
Testing not relevant or not possible due to the nature of the product.
Data on fire and explosion hazards
Flash point (°C)
Testing not relevant or not possible due to the nature of the product.

Ignition (°C)
Testing not relevant or not possible due to the nature of the product.
Auto flammability (°C)
Testing not relevant or not possible due to the nature of the product.
Lower and upper explosion limit (% v/v)
Testing not relevant or not possible due to the nature of the product.
Solubility
Solubility in water
Completely soluble n-octanol/water coefficient
Testing not relevant or not possible due to the nature of the product. Solubility in fat (g/L)
Testing not relevant or not possible due to the nature of the product.
9.2. Other information
Other physical and chemical parameters
No data available.
ECTION 10: Stability and reactivity
10.1. Reactivity
No data available.
10.2. Chemical stability
The product is stable under the conditions, noted in section 7 "Handling and storage".
10.3. Possibility of hazardous reactions
None known.
10.4. Conditions to avoid
None known.
10.5. Incompatible materials
Strong acids, strong bases, strong oxidizing agents, and strong reducing agents. <b>10.6. Hazardous decomposition products</b>
The product is not degraded when used as specified in section 1.
ECTION 11: Toxicological information
11.1. Information on hazard classes as defined in Regulation (EC) No 1272/2008
Acute toxicity
Based on available data, the classification criteria are not met.
Skin corrosion/irritation
Based on available data, the classification criteria are not met.
Serious eye damage/irritation
Based on available data, the classification criteria are not met.
Respiratory sensitisation
Based on available data, the classification criteria are not met.
Skin sensitisation
Based on available data, the classification criteria are not met.
Germ cell mutagenicity Record on available data, the classification criteria are not mot
Based on available data, the classification criteria are not met.
<b>Carcinogenicity</b> Based on available data, the classification criteria are not met.
Reproductive toxicity
Based on available data, the classification criteria are not met.
STOT-single exposure
Based on available data, the classification criteria are not met.
STOT-repeated exposure
Based on available data, the classification criteria are not met
Based on available data, the classification criteria are not met. Aspiration hazard

11.2. Information					
	ilable data, the class	sification criteria are not met.			
Long term effe					
None known					
	upting properties				
None known	•				
Other information					
None known	<u>.                                     </u>				
SECTION 12: Ecolog	ical information				
12.1. Toxicity					
No data avai	lable.				
12.2. Persistence a	nd degradability				
No data avai					
12.3. Bioaccumula	tive potential				
No data avai					
12.4. Mobility in so	bil				
No data avai

PBT = Persistent, Bioaccumulative and Toxic
PNEC = Predicted No Effect Concentration
RID = The Regulations concerning the International Carriage of Dangerous Goods by Rail
RRN = REACH Registration Number
SCL = A specific concentration limit
SVHC = Substances of Very High Concern
STOT-RE = Specific Target Organ Toxicity - Repeated Exposure
STOT-SE = Specific Target Organ Toxicity - Single Exposure
TWA = Time weighted average

	UVBC = Unknown or variable composition, complex reaction products or of biological materials
	VOC = Volatile Organic Compound
	vPvB = Very Persistent and Very Bioaccumulative
Addit	ional information
	In accordance with UK-REACH, a safety data sheet is not required for this product. This safety data sheet has been created on a voluntary basis to distribute relevant information as required by UK-REACH.
The sa	afety data sheet is validated by
	Åsa Möller
Other	·
	A change (in proportion to the last essential change (first cipher in SDS version, see section 1)) is marked with a blue triangle.
	The information in this safety data sheet applies only to this specific product (mentioned in section 1) and is not necessarily correct for use with other chemicals/products.
	It is recommended to hand over this safety data sheet to the actual user of the product. Information in this safety data sheet cannot be used as a product specification.
